*“To improve the lives of  
our members, students,  
and community.”*

August 22, 2012

Good evening,

I would like to take this opportunity to thank Dr. Scroggins for listening to the comments made at the July Board meeting regarding classified working as adjunct faculty. I am pleased to report we will begin negotiating this matter, in the hopes our classified/adjunct faculty members may continue teaching.

On behalf of Chapter 262 I would like to wish Annette Loria a very happy retirement. In meeting with her, I found her to be honest and straight forward. Even at those times when our opinions differed greatly, she maintained a professionalism I greatly respected. It has been an honor to work with her and to have learned so much about the negotiations process.

I continue to be troubled by the recent negotiations process with Chapter 651. As I stated in my June Board report, the longer a negotiations process continues, the more divided we become. The failure of the District and 651 to reach an agreement after mediation and now a progression to fact finding is worrisome to our members. As we face the most difficult financial crisis to Community Colleges in this state, it is important Mt. SAC continue to focus on working together so we may serve students.

Respectfully submitted,

Laura Martinez  
President
